

UNITED STATES OF AMERICA
DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY
WASHINGTON, DC

Issued by the Department of Transportation on August 28, 1998

NOTICE OF ACTION TAKEN -- DOCKET OST-98-4031

This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

Application of Atlas Air, Inc. filed 7/8/98 for:

XX Exemption for two years under 49 U.S.C. 40109 to provide the following service:

Scheduled foreign air transportation of property and mail from points behind the United States via the United States and intermediate points to points in Luxembourg and beyond. Initially, Atlas would operate all-cargo services between Huntsville, Alabama, and Luxembourg via Prestwick/Glasgow, Scotland, without local traffic rights between Prestwick/Glasgow and Luxembourg.

Applicant rep: William C. Evans (202) 371-6030 DOT Analyst: Michael D. Bodman (202) 366-9667

DISPOSITION

XX Granted in part, subject to conditions (see below)

XX Balance dismissed (see below)

The above action was effective when taken: August 28, 1998, through August 28, 2000.

**Action taken by: Paul L. Gretch, Director
Office of International Aviation**

XX **The authority granted is consistent with the aviation agreements between the United States and Luxembourg, and between the United States and the United Kingdom.**

Except to the extent exempted or waived, this authority is subject to the terms, conditions, and limitations indicated: XX **Holder's certificate of public convenience and necessity**

XX **Standard Exemption Conditions (attached)**

Conditions: The authority to operate via intermediate points and beyond Luxembourg to third countries shall be limited to countries with which the United States has signed open-skies agreements and/or for which the carrier holds authority to serve under certificates or exemptions issued by the Department, and for which it holds route integration authority by virtue of either the present action or other action of the Department.

Remarks: Atlas does not currently hold authority to serve Prestwick/Glasgow, Scotland. In light of our conditions, above, we construed Atlas' application as requesting U.S.-Prestwick/Glasgow authority and granted its request.

We dismissed that portion of Atlas Air's application with respect to operations from behind the United States. The authority to conduct operations from points behind the United States is inherent in the authority that we award U.S. carriers to perform foreign air transportation.

(See Reverse Side)

On the basis of data officially noticeable under Rule 24(n) of the Department's regulations, we found the applicant qualified to provide the services authorized.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) immediate action was required and was consistent with Department policy; (2) grant of the exemption was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted or dismissed, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within ten (10) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.

U.S. CARRIER
Standard Exemption Conditions

In the conduct of operations authorized by the attached notice, the applicant(s) shall:

- (1) Hold at all times effective operating authority from the government of each country served;
- (2) Comply with applicable requirements concerning oversales contained in 14 CFR 250 (for scheduled operations, if authorized);
- (3) Comply with the requirements for reporting data contained in 14 CFR 241;
- (4) Comply with requirements for minimum insurance coverage, and for certifying that coverage to the Department, contained in 14 CFR 205;
- (5) Comply with the requirements of 14 CFR 203, concerning waiver of Warsaw Convention liability limits and defenses;
- (6) Comply with the applicable requirements of the Federal Aviation Administration Regulations; and
- (7) Comply with such other reasonable terms, conditions, and limitations required by the public interest as may be prescribed by the Department of Transportation, with all applicable orders and regulations of other U.S. agencies and courts, and with all applicable laws of the United States.

The authority granted shall be effective only during the period when the holder is in compliance with the conditions imposed above.
