Order 99-3-17

UNITED STATES OF AMERICA  
DEPARTMENT OF TRANSPORTATION  
OFFICE OF THE SECRETARY  
WASHINGTON, D.C.

Served March 25, 1999

**Action on IATA Agreement**  
**Issued by the Department of Transportation**  
**on the 22<sup>ND</sup> DAY OF March, 1999**

**Docket:** OST-99-5202 <sup>1/</sup>

**Description:** The agreement revises rounding-off procedures for the Zimbabwe dollar (ZWD) by deleting the requirement to show ZWD amounts to two decimal places. Since the U.S. dollar, rather than the ZWD, is used in all fare quotations and constructions for travel from Zimbabwe, the requirement to reflect ZWD amounts to two decimal places is no longer necessary as the ZWD is only used to show the equivalent amounts paid.

We do not find the resolution incorporated in the above docket to be adverse to the public interest or in violation of 49 U.S.C. 41309, provided that approval is subject, where applicable, to conditions previously imposed.

**Accordingly,** we approve and grant antitrust immunity to the agreement, subject, where applicable, to conditions previously imposed.

This order shall be effective and become the action of the Department of Transportation upon the expiration of ten days, unless within such period a petition for review is filed pursuant to 14 CFR 385.30 or the Department gives notice that it will review this order on its own motion. Such actions are subject to judicial review under 49 U.S.C. 46110.

Given the noncontroversial nature of this agreement and the availability of the above procedure, we are waiving the 21-day period prescribed by 14 CFR 303.42.

Paul L. Gretch  
Director, Office of International Aviation
