Action: Approved

Action date: May 18, 1999

Effective dates of authority granted: May 18, 1999 - October 31, 2001 <sup>2</sup>

Basis for approval (bilateral agreement/reciprocity): U.S.-Romania Air Transport Agreement

Except to the extent exempted/waived, this authority is subject to the terms, conditions, and limitations indicated:

Standard exemption conditions (attached)       Foreign air carrier permit conditions (Order 85-2-72)

**Action taken by: Paul L. Gretch, Director  
Office of International Aviation**

We found that the applicant was qualified to perform its proposed operations.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) immediate action was required and was consistent with Department policy; (2) grant of the authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted/deferred/dismissed, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within ten (10) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.

<sup>1</sup> TAROM advised that it currently plans to serve only Amsterdam, Netherlands, and Montreal, Canada, as intermediate points.

<sup>2</sup> The authority we are granting to conduct code-share operations to a total of 30 U.S. points, as requested in (c) above, will not become effective until November 1, 1999.

**FOREIGN AIR CARRIER CONDITIONS OF AUTHORITY**

- (7) Agree that operations under this authority constitute a waiver of sovereign immunity, for the purposes of 28 U.S.C. 1605(a), but only with respect to those actions or proceedings instituted against it in any court or other tribunal in the United States that are:
  - (a) based on its operations in international air transportation that, according to the contract of carriage, include a point in the United States as a point of origin, point of destination, or agreed stopping place, or for which the contract of carriage was purchased in the United States; or
  - (b) based on a claim under any international agreement or treaty cognizable in any court or other tribunal of the United States.

In this condition, the term "international air transportation" means "international transportation" as defined by the Warsaw Convention, except that all States shall be considered to be High Contracting Parties for the purpose of this definition;

- (11) Comply with such other reasonable terms, conditions, and limitations required by the public interest as may be prescribed by the Department, with all applicable orders or regulations of other U.S. agencies and courts, and with all applicable laws of the United States.

This authority shall not be effective during any period when the holder is not in compliance with the conditions imposed above.
