DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY
WASHINGTON, DC

Issued by the Department of Transportation on November 4, 1999

NOTICE OF ACTION TAKEN -- DOCKET OST-97-3073

This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

Application of American Airlines, Inc. filed 10/19/99 for:

XX Waiver from dormancy condition:

By Order 98-1-29 the Department granted American Airlines seven weekly combination frequencies to provide service in the New York-Lima/Cuzco market. The frequencies are subject to the condition that they will expire automatically and revert to the Department for reallocation if they are not used for a period of 90 days. American temporarily suspended its New York-Lima/Cuzco service on September 30, 1998. Since then the Department has granted American waivers from the 90-day dormancy condition until September 25, 1999. Under the terms of the waivers American's frequency allocation would automatically expire if American did not resume service by December 24, 1999. American seeks a further waiver from the 90-day dormancy condition so that the 90-day dormancy period would not begin until June 24, 2000. American states that it will resume service when economic conditions improve.

¹ American's waiver from the dormancy condition is effective until June 24, 2000, or until the date on which American resumes service with these frequencies, whichever occurs earlier. Once the waiver ceases to be effective, the 90-day dormancy condition applies from that point forward.
