DISPOSITION

XX **Granted, subject to conditions (see below)**

The above action was effective when taken: January 6, 2000, through January 6, 2002, or until 90 days after final Department action on a corresponding certificate application, whichever occurs earlier.

**Action taken by: Paul L. Gretch, Director
Office of International Aviation**

XX **The authority granted is consistent with the aviation agreement between the United States and Mexico.**

Except to the extent exempted or waived, this authority is subject to the terms, conditions, and limitations indicated:

- XX** **Holder's certificate of public convenience and necessity**
- XX** **Standard Exemption Conditions (attached)**

Conditions: The U.S.-Mexico exemption authority granted is subject to the dormancy notice requirements set forth in condition 7 of Appendix A of Order 88-10-2. Consistent with our standard practice, the dormancy notice period will begin on May 14, 2000, American Trans Air's proposed startup date for the subject U.S.-Mexico service.

On the basis of data officially noticeable under Rule 24(n) of the Department's regulations, we found the applicant qualified to provide the services authorized.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) immediate action was required and was consistent with Department policy; (2) grant of the exemption was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within ten (10) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
