UNITED STATES OF AMERICA
DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY
WASHINGTON, D.C.

Issued by the Department of Transportation
on the 10th day of May, 2000

Application of

SPERNAK AIRWAYS, INC.

to resume operations pursuant to 14 CFR 204.7

Served: May 12, 2000

Docket OST-99-6499 -6

ORDER ISSUING EFFECTIVE CERTIFICATE

By Order 2000-3-1, issued March 6, 2000, the Department found Spernak Airways, Inc. (Spernak) fit and issued it a certificate authorizing it to engage in interstate scheduled passenger air transportation operations.

The authority in that order was to become effective six (business) days after Spernak had fulfilled certain conditions. Specifically, the carrier was required to provide (1) evidence of appropriate Federal Aviation Administration (FAA) authority; (2) evidence that it had obtained required liability insurance coverage; (3) a statement of any changes in ownership, management, operations, financial position, or compliance since the show-cause order in this case was issued;¹ and (4) evidence that the company's available financial resources were sufficient to meet our financial test.

On May 2, Spernak filed documents showing that it had the required FAA authority and liability insurance coverage. The carrier also stated that there have been no changes in fitness-related areas since our show cause order, and provided third-party verification of available financial resources. We reviewed these documents and found them to be satisfactory. Thus, we allowed the carrier's certificate authority to be come effective on May 9, 2000. By this order, we reissue Spernak's certificate to reflect its effective date.

ACCORDINGLY, Acting under authority assigned by the Department in its regulations, 14 CFR 385.12:

1. We reissue the interstate scheduled passenger certificate issued to Spernak Airways, Inc., by Order 2000-3-1 in the attached form to reflect its effective date.

¹ See Order 2000-2-14, issued February 10, 2000.

2. We direct that, within 45 days following the end of the first year of certificated operations, Spernak Airways, Inc., shall provide the Department's Air Carrier Fitness Division with a detailed progress report on its operations. The report shall include a description of the carrier's current operations (number and type of aircraft, principal markets served, total number of full-time and part-time employees), a summary of how these operations have changed during the year, a discussion of any changes it anticipates from its current operations during its second year, current financial statements,² and a listing of current senior management and key technical personnel.³

3. We will serve a copy of this order on the persons listed in Attachment A.

Persons entitled to petition the Department for review of this order under the Department's Regulations, 14 CFR 385.50, may file their petitions within 10 days of the date of this order.

The action taken here is effective immediately and the filing of a petition for review shall not alter its effectiveness.

² These financial statements should include a balance sheet as of the end of the company's first full year of actual flight operations and a 12-month income statement ending that same date.

³ The carrier should also be prepared to meet with staff members of the Fitness Division to discuss its current and future operations.

This authority is subject to the following provisions:

- (1) The holder shall at all times conduct its operations in accordance with the regulations prescribed by the Department of Transportation for the services authorized by this certificate, and with such other reasonable terms, conditions, and limitations as the Department of Transportation may prescribe in the public interest.*
- (2) The authority granted herein is limited to operations conducted with aircraft having a maximum passenger capacity of less than 10 seats.*
- (3) The holder's authority under this certificate is effective only to the extent that such operations are also authorized by the Federal Aviation Administration.*

(8) Should the holder propose any substantial changes in its ownership, management, or operations (as that term is defined in 14 CFR 204.2(l)), it must first comply with the requirements of 14 CFR 204.5.

(9) In the event that the holder commences but subsequently ceases all operations for which it was found "fit, willing, and able," its authority under this certificate shall be suspended under the terms of 14 CFR 204.7 and the holder may neither recommence nor advertise such operations unless its fitness to do so has been redetermined by the Department. Moreover, if the holder does not resume operations within one year of its cessation, its authority shall be revoked for dormancy.
