DISPOSITION

Action: Approved

Action date: June 14, 2001

Effective dates of exemption authority granted: June 14, 2001 - June 14, 2003

Effective dates of statement of authorization granted: Indefinite, subject to attached code-share conditions

Basis for approval (bilateral agreement/reciprocity): Open skies agreements with Italy, Portugal, Morocco and the United Arab Emirates; comity and reciprocity with Nepal

Except to the extent exempted/waived, the exemption authority is subject to the terms, conditions, and limitations indicated:
X Northwest's certificates of public convenience and necessity X Standard exemption conditions (attached)
X Statement of authorization approving Transavia/Northwest code-share operations granted June 14, 2001, in this docket, and conditions therein

Action taken by: Paul L. Gretch, Director
Office of International Aviation

On the basis of data officially noticeable under Rule 24(g) of the Department's regulations, we found Northwest qualified to provide the authorized exemption services.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) grant of the authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted/deferred/dismissed, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within ten (10) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.

 - (b) based on a claim under any international agreement or treaty cognizable in any court or other tribunal of the United States.

In this condition, the term "international air transportation" means "international transportation" as defined by the Warsaw Convention, except that all States shall be considered to be High Contracting Parties for the purpose of this definition;

Transavia Airlines/Northwest Airlines, Inc. Code-share Conditions
Docket OST-2001-9193

The code-share operations authorized here are subject to the following conditions:

- (a) The statement of authorization will remain in effect only as long as (i) Transavia Airlines and Northwest Airlines continue to hold the necessary underlying authority to operate the code-share services at issue, and (ii) the code-share agreement providing for the code-share operations remains in effect;
- (b) Transavia Airlines and Northwest Airlines must promptly notify the Department if the code-share agreement providing for the code-share operations is no longer effective or the carriers decide to cease operating any or all of the approved code-share services. We expect this notification to be received within 10 days of such non-effectiveness or of such decision. Such notices should be filed in Docket OST-2001-9193;
- (c) The code-sharing operations conducted under this authority must comply with 14 CFR 257 and with any amendments to the Department's regulations concerning code-share arrangements that may be adopted. Notwithstanding any provisions in the contract between the carriers, our approval here is expressly conditioned upon the requirements that the subject foreign air transportation be sold in the name of the carrier holding out such service in computer reservation systems and elsewhere; that the carrier selling such transportation (*i.e.*, the carrier shown on the ticket) accept responsibility for the entirety of the code-share journey for all obligations established in its contract of carriage with the passenger; and that the passenger liability of the operating carrier be unaffected; and that the operating carrier shall not permit the code of its U.S. code-sharing partner to be carried on any flight that enters, departs, or transits the airspace of any area for whose airspace the Federal Aviation Administration has issued a flight prohibition;
- (d) The authority granted here is specifically conditioned so that neither Transavia Airlines nor Northwest Airlines shall give any force or effect to any contractual provisions between themselves that are contrary to these conditions.

We may amend, modify, or revoke this authority at any time without hearing.
