We found that the applicant was qualified to perform its proposed operations.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) grant of the authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted/deferred/dismissed, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within seven (7) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.

**Delta Air Lines, Inc./El Al Israel Airlines, Ltd. Code-Share Conditions**  
**Docket OST-2002-11775**

The code-share operations authorized here are subject to the following conditions:

- (a) The statements of authorization will remain in effect only as long as (i) Delta and El Al continue to hold the necessary underlying authority to operate the code-share services at issue, and (ii) the code-share agreement providing for the code-share operations remains in effect;
- (b) Delta and/or El Al must notify the Department immediately if the code-share agreement under which these code-share services are operated is no longer in effect or if the carriers decide to cease operating all or a portion of the code-share services under the agreement. We expect this notification to be received within 10 days of such non-effectiveness or of such decision. Such notices should be filed in Docket OST-2002-11775;
- (c) The code-sharing operations conducted under this authority must comply with 14 CFR 257 and with any amendments to the Department's regulations concerning code-share arrangements that may be adopted. Notwithstanding any provisions in the contract between the carriers, our approval here is expressly conditioned upon the requirements that the subject foreign air transportation be sold in the name of the carrier holding out such service in computer reservation systems and elsewhere; that the carrier selling such transportation (*i.e.*, the carrier shown on the ticket) accept responsibility for the entirety of the code-share journey for all obligations established in its contract of carriage with the passenger; that the passenger liability of the operating carrier be unaffected; and that the operating carrier shall not permit the code of its U.S. code-sharing partner to be carried on any flight that enters, departs, or transits the airspace of any area for whose airspace the Federal Aviation Administration has issued a flight prohibition;
- (d) The authority granted here is specifically conditioned so that neither Delta nor El Al shall give any force or effect to any contractual provisions between themselves that are contrary to these conditions.

We may amend, modify, or revoke this authority at any time without hearing.

## FOREIGN AIR CARRIER CONDITIONS OF AUTHORITY

In the conduct of the operations authorized, the holder shall:

- (1) Not conduct any operations unless it holds a currently effective authorization from its homeland for such operations, and it has filed a copy of such authorization with the Department;

- (3) Comply with the requirements for minimum insurance coverage contained in 14 CFR Part 205, and, prior to the commencement of any operations under this authority, file evidence of such coverage, in the form of a completed OST Form 6411, with the Federal Aviation Administration's Program Management Branch (AFS-260), Flight Standards Service (any changes to, or termination of, insurance also shall be filed with that office);

- (7) Agree that operations under this authority constitute a waiver of sovereign immunity, for the purposes of 28 U.S.C. 1605(a), but only with respect to those actions or proceedings instituted against it in any court or other tribunal in the United States that are:
  - (a) based on its operations in international air transportation that, according to the contract of carriage, include a point in the United States as a point of origin, point of destination, or agreed stopping place, or for which the contract of carriage was purchased in the United States; or
  - (b) based on a claim under any international agreement or treaty cognizable in any court or other tribunal of the United States.

In this condition, the term "international air transportation" means "international transportation" as defined by the Warsaw Convention, except that all States shall be considered to be High Contracting Parties for the purpose of this definition;

- (8) Except as specifically authorized by the Department, originate or terminate all flights to/from the United States in its homeland;
- (9) Comply with the requirements of 14 CFR Part 217, concerning the reporting of scheduled, nonscheduled, and charter data;

- (11) Comply with such other reasonable terms, conditions, and limitations required by the public interest as may be prescribed by the Department, with all applicable orders or regulations of other U.S. agencies and courts, and with all applicable laws of the United States.

This authority shall not be effective during any period when the holder is not in compliance with the conditions imposed above. Moreover, this authority cannot be sold or otherwise transferred without explicit Department approval under Title 49 of the U.S. Code (formerly the Federal Aviation Act of 1958, as amended).
