Building 3, Floor 7  
Atlanta, GA 30328

Reference No. 05-0137

Dear Ms. Schommer:

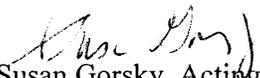

This is in response to your June 6, 2005 letter concerning the shipper's certification statement in 49 CFR 172.204(c)(3) for hazardous materials offered for transportation to UPS. An additional statement was added in a final rule published under Docket No. RSPA-04-17036 (HM-215G; 69 FR 76044, 12/20/04).

You ask if UPS may show the statement on the shipping paper, above the current shipper certification statement, as follows: **For Air Shipments: "I declare that all of the applicable air transport requirements have been met."** These UPS shipping papers will be distributed to your customers for use.

The answer is yes, the statement may be shown in this manner.

Please contact us if we can be of further assistance.

Sincerely,

  
Susan Gorsky, Acting Director  
Office of Hazardous Materials Standards

Re: UPS Shipping Paper Verbiage Approval to Meet 172.204(c)(3) Under 215G

Dear Mr. Mazzullo,

Enclosed you will find a sample of the current UPS shipping paper, as well as a proof of the proposed shipping paper format that UPS would like to use to meet the verbiage requirements of 172.204(c)(3) under 215G. In the bottom left hand corner of the shipping paper proof, we have added the statement **For Air Shipments "I declare that all of the applicable air transport requirements have been met."** in the Shipper's Certification area.

We are requesting a written or emailed response as to the acceptability of the verbiage on the shipping paper proof in meeting the new requirement. Once approved, we will notify our printing vendor to produce and stock the new form so our customers will be in compliance in a timely fashion. Contact me if you have any questions regarding the proof.

It was good to see you at the COSTHA Conference in San Diego. Attending regulatory presentations and interacting at conferences in a casual atmosphere benefits all.

Thank you in advance for your time and expertise.

Regards,
